

SNAP SHOTS

There was nearly a rain this morning. And Friday was ladies' day at the ball grounds too.

The work of tearing down the old Branner school is progressing rapidly. Dr. S. S. Estey will deliver the Washburn academy commencement address.

Work on the Hiram P. Dillon residence, corner of Ninth and Harrison streets, will be started next week.

Dr. Frederick Cox of Chicago, will deliver the commencement address at Washburn college Friday, June 12. Topeka fans need not despair! The Philadelphia Athletics' champion ball team of the world have lost six straight games.

There was one colored boy who participated in the school athletic events on Washburn field, who has the build of a prize fighter.

The school children on their way to the track met more than a few so many naps. They were not so noisy when they returned.

Guy T. Justis, secretary of the Provident association, will speak before the young people of the First Congregational church tomorrow night.

New Orleans was the only city in the country that made a larger gain in bank clearings than Topeka this week. Topeka's increase was more than 16 per cent.

While the visiting merchants are in Topeka "Merchants Week," June 7, 8 and 9, no pressure will be brought to bear on them to purchase goods in Topeka.

About 45 boys were taken out for a picnic and fishing trip along the banks of Soldier Creek by Secretary Guy T. Justis of the Provident association today.

A Wichita man came to Topeka the other day and invested \$10,000 in Topeka property. "Real estate in Topeka is constantly increasing in value and it is dependable," he explained.

Topeka is to have a "Carbaret smoker" for the visiting merchants in June. It's a good thing that doesn't mean what is indicated by the dictionary or there'd be a real scandal.

The speakers in connection with the anniversary of the Washburn professional schools will be Justice Henry P. Mason, Dr. F. L. Loveland, Dr. C. M. Porter and Melancthon Cameron.

The saloons in Kansas City complain of decreasing business. Some of them have failed in the last six months. It isn't the fault of the sports in Topeka but the Kansas City saloons have closed down.

Soldier creek is lined today with small boys fishing. Saturday is a great day for the young anglers—and all morning the sun was behind the clouds. When the sun is shaded the fish wiggle out of their hiding places and bite like mad.

The Paxton store at the corner of Sixth and Quincy streets will be built to a height of three stories. This building is now a one story brick covering the entire corner about 100 feet each way. The cost of the proposed addition will be about \$35,000.

According to the girl who charms snakes at the North Side fair this week, a man tells you he shot a snake you either know he is fooling you or he shot the snake in the tail. Or possibly the charming snake charmer doesn't know.

It has been stated that the feature of the baseball game between the general freighters and the disbursement auditors of the Santa Fe was the crowd of good looking spectators. The play itself was in the nature of a joke. They claim it was the beautiful patch of violets in right field.

Dr. Charles M. Sheldon with the aid

of several experienced dramatists is redramatizing "In His Steps," and the play will be presented next fall and winter by at least 200 Christian organizations throughout the country that make applications for the privilege of using the play.

The motor cycle belonging to Dr. Babb, city milk inspector, has not been found. This was a Racycle make and the only one of its kind in the city. It was stolen nearly a month ago and the police haven't a clue to where it is. It is pretty hard to see how a person can get away with a machine of this kind and not be caught.

The city clerk has been swamped with paying complaints since the assessment notices have been mailed out to property owners on streets to be paved this year. The citizens are complaining of what they declare is an exorbitant price for the work. City officials lay this unrest to the recent trouble of the city with bridges, paving and sewers.

As announced in the State Journal two months ago Paxton & Paxton are considering plans for making a three story building out of the one story structure they are occupying at the present time. The plans call for the expenditure of about \$35,000, and in June or July some definite decision will be made. The business of the firm has been growing rapidly in the last two or three years and demands more commodious quarters.

In this column early in the spring expert advice was given on the way to plant sweet peas. Among these instructions it was stated that a trench 18 inches deep should be dug and the peas planted in this ditch. Scores of Topeka city gardeners followed these instructions and now they are complaining because the sweet peas are not yet above the ground level. The only way to do is to cheer up and wait. If you can't wait, grade your yard down to the level of your trench.

It isn't very often that a fireman receives anything but complaint from his work. If the fire department extinguishes a fire and the property owner kicks because the water damaged his goods. But today something unusual happened. C. W. Snyder, 414 West Thirtieth street, sent a check for \$10 to the Fireman's Relief association in compliment to the excellent service they performed when his house was on fire a few nights ago. You have a fine bunch of fire fighting boys—they are to be congratulated on their work," he wrote to Chief Wilmarth.

Commissioner Tandy is laughing up his sleeve. He says the Triumphant (Mayor Billard, Commissioner Miller and Stott)—are now backing up on their old way of running the heads of other departments. Mr. Tandy says they didn't know they were stirring appointments—and now they are trying to let the people forget it. Mr. Tandy is courting another row. He makes statements of this kind—and if there is anything the people are sick and tired of it is this wrangling at the city hall.
